DICK CRAZY!

I buy OVER 40 every time I see a new copy on the rack. I just bought the August issue and I love it!

Voyeur Myrna kept me busy for a while. Imagining her watching me jerk off to her pictures was a big turn-on!

My favorite model, though, is Alyssa, because she's a self-confessed slut and likes younger guys and I'm a younger guy, 22, with a hard-on for older women.

The best thing about being with an older woman is that they don't bitch if you don't call them or see them every day. That's exactly the last thing they want. They just want sex often and on their terms and what could be more perfect than that?

I've been seeing a 43-year-old married woman who is like a nympho when she gets hold of my dick. I've had her everywhere but on a bed. I've had up against a wall, on the floor, over the arm of her sofa, and her riding me sitting on a chair. And forget what she can do with her mouth! She sucks like a vacuum cleaner and she swallows!

WACKY BI SLUT

I am a 42-year-old bisexual female with a very high sex drive and I get off on OVER 40. Usually about six or seven times!

I thoroughly enjoyed the August issue, especially reading about Claudine's first time with a woman.

One of my favorite things to do is to give a woman her first bi experience. It's such a turn-on to see them become totally unglued, screaming and writhing until they cum in my face. Once a woman has been licked out by another woman, there's no turning back. At least not that I've seen. They always come back for more.

I so much agree with Gigi about bad boys. You can't live with them and you can't live without them. The best thing to do with a bad boy is fuck him and leave him before he leaves you. Then move on to the next one! My thoughts are, so many men, so little time! Do as many of them as you can.

Ah, Alyssa, isn't being a

Claudine

Angelica

slut wonderful? Remember being 18 and thinking being a called a slut was a bad thing? I wouldn't want to go back in time for anything. Sex is so much more exciting now that we know what the hell we're doing.

If Marianna thinks sex in public places where there is a chance of getting caught is hot, she should try sex on an adults-only nude beach or at a swing club. Trust me on this. Being seen is much hotter than the chance of being seen. I have some of my best orgasms when I have an audience.

BEDDING A COUGAR

I just picked up the August **OVER 40** and every woman in it is stunning. But Jenne! Jenne is one of the hottest cougar chicks ever to be in the magazine. She's trashy, has a great body, especially the boobs, and that cool tattoo makes her look even hotter. Soooo sexy!

I love a trashy woman. Classy women tend to be snobbish. Approach a classy chick and the chances are good that she'll give you a quick brush off or curse you out. The trashy woman will give you the "let's get it on" look and mean it. Your chances are even better with trashy cougar chicks if you are slim

and toned, because they only want you for your body. My main motivation for working out daily!

CAN WE TAWWWK?

I don't know. Maybe it's just me, but I think Kate in the August copy of **OVER 40** looks like a young Joan Rivers, without all the face work and with a much better body. Anyhoo, I also think Kate is awesomely sexy and find her green cat's eyes mesmerizing.

I was 20 when I had sex with a woman of 45 years old. In one night, we had sex three times, with foreplay and after-play in between. She woke me up in the morning, sucking my dick, and then we had sex in the shower. After that, she made breakfast, pancakes and eggs and sausage and coffee, and then we were back in bed again and fucked all day. She just couldn't get enough of my dick.

Older women rock at sex!

“I enjoy sliding my mouth down a hard dick and feeling it all over with my tongue.”

BY REVA MOORE

AGE:
43

OCCUPATION:
Boutique Owner

FROM:
Boston,
Massachusetts

OVER 40: In your opinion, does sex get better as you get older?

HOLLIE: Yes, because the more you learn about sex the better it gets, and it takes years and years of learning, and A LOT of practice.

O40: What do you know about sex now that you didn't know in your twenties?

H: I didn't know so many varieties of sexy fun stuff existed. I thought sex and love were synonymous, and that you couldn't have sex without love, or love without sex. I didn't know how to find my G-spot, or that I even had one, and could have G-spot orgasms. There was so much I didn't know. I'm still looking to learn more.

O40: How did you discover your G-spot?

H: I had a little help from a friend and her nimble fingers.

O40: Are you bisexual?

H: I am, and I didn't figure that out about me until I was almost 40.

O40: Did she make you squirt?

H: Yes, and it was the most amazing orgasm ever! I squirted all over her hand as she fingered me. It surprised the hell out of me. She was thrilled and licked it all up.

O40: What are some of your biggest turn-ons?

H: I have a list of turn-ons a mile long, but to name just a few, oral, licking boobs, some role-play, cow-girl, doggie, having my ankles locked around a man's head as he plows his dick into me, and just

about anything that is sensual and feels good.

O40: Oral, is that giving and receiving, males and females?

H: Receiving oral is the best. I love to be licked deep and have my clitoris sucked. Giving oral is something I enjoy as well, males and females. I enjoy sliding my mouth down a hard dick and feeling it all over with my tongue, and I also like the taste of pussy and tongue-fucking a female.

O40: What type of role-play do you enjoy? Do you use costume and props?

H: Hooker and john is good for nasty sex. I wear a skirt split all the way up the side and a tiny top,

spike heels and no underwear. I also enjoy playing Mistress Hollie. I wear long black boots, stockings, a black thong and a strapless leather bra with nipple holes. The only props I use are a sharp tongue that stings and a riding crop that stings even more. Sometimes, I play the sub. No costumes, just ropes or restraints and maybe a blindfold.

O40: Do you ever sit on the guy's face?

H: What better way is there to punish him? I red-den his ass and then he sniffs mine, and licks my pussy.

O40: Why is riding the guy cowgirl-style such a turn-on?

H: Because he can put his hands on me anywhere, and I can reach behind me to fondle his balls and see his reaction.

O40: Are you loud when you cum?

H: I am, but most times, I don't even know I'm screaming. I have been told by more than one guy that nothing brings on a strong orgasm like a woman who becomes loud during sex.

O40: Since you are bisexual, do you ever want or have you ever had three-way sex with a guy and a female.

H: For me, that's the best sexual scenario of all, licking a hot pussy and getting fucked at the same time.

O40: In closing, what would you like our readers to imagine as they look at your pictures in the magazine?

H: Being the man or the woman in my three-way!

FROM:
**New Orleans,
Louisiana**

OVER 40: Loren, you said you've been divorced for a couple of years now. What is your sex life as a single woman like?

LOREN: Active and fulfilling. I know several men I'm having a casual affair with, and I occasionally indulge in a pickup.

O40: Do your men know about each other?

L: They haven't asked. The word is "casual," and I doubt they would object.

O40: And if one of them did object?

L: Goodbye and good luck, and don't call me and I won't call you! Possessiveness is the last thing I want right now. I can't say I'll never have a serious relationship or even get married again, but that's just NOT what I want now. None of the men I see are married, and that's important for me. I don't want to wreck someone's marriage, and I'd rather not discuss what happened to mine.

O40: Our readers would rather hear about your "conquests" and sex with your other men. Have you ever had two at the same time?

L: That's a fantasy I haven't yet fulfilled. I'm sure my men know I fuck others, but I don't want to throw the fact in their faces, and

not many men would be willing to share a woman.

O40: Are the men you see often near your age?

L: Yes, middle-aged divorced men. They know how to please a woman, and more importantly, how to act toward her. I have no tolerance for machismo, no matter how subtly put. I am in control of the sex at all times, and I won't have anything to do with a man who can't accept that.

O40: Would you say you're actually dominant?

L: Not at all in the S&M sense. I don't care for the more exotic forms of sexuality. When I say "in control," I mean I pick the time and usually the positions.

O40: Do you have a favorite?

L: Yes, I like to be on top. By itself that's a controlling position, meaning that I can control the pace of the sex and bringing myself to climax. I've also done it on all fours, and one of my men likes to be on top, so I indulge him in that.

O40: Do you seek middle-aged men when you're out for a pick-up?

L: No, I go for younger men, but not too much younger. By age thirty, say, or twenty-eight, the man knows enough to give me pleasure. Also, some married middle-aged men are very good at hiding the fact that they are out to cheat. Single younger men who don't see an age barrier are full of energy and are quite eager to please.

O40: Describe a typical pickup. Where do you go with your thirty-year-old?

L: Never to my apartment. There's always a chance a younger man will get hung up on me, and I'd rather not have to deal with letting him down gently. We go to a no-tell motel, and the younger men I've had so far find that exciting. With my regular men, I engage in extended foreplay, but with younger men, I get right down to it. As soon as the room door closes behind us, I take off my dress and more or less order my pickup to get naked. I'll take his prick in my mouth, but I won't suck him to orgasm. If he wants, he can eat me out or try to. Some of them know how to get a woman off orally, but some need practice, and I would rather get right to the fucking. I enjoy cunnilingus, but a hard cock in me is what really makes me cum.

O40: Loren, your layout will really make our readers cum! Thank you!

Freelance Writer

Rio Rancho, New Mexico

OVER 40: Describe yourself sexually.

ALLY: I am an experienced sex-tress that holds nothing back when I'm turned on. I enjoy making love to a man and pleasing him in different ways.

O40: Sexually speaking, how are you different now than when younger?

A: I still love sex as much now as I did when I was younger. I just know more tricks.

O40: What is your best trick?

A: I know all the spots on a man's body to touch, so that he's just putty in my hands.

O40: Where are those spots? What kind of touches? Tell us what you do.

A: I'll start with his lips, a gentle, sensuous kiss as I run my fingers through his hair and massage his head with my finger tips. Then, I'll moisten my lips with my tongue and kiss his neck, the back of his neck, where he is the most sensitive. I'll take his hand and suck one of his fingers, maybe lick his palm and tenderly caress his chest, slowly inching my hand towards his dick. By now, of course, his dick is hard and throbbing, and he's reaching for me.

O40: Do you take hold of his cock and stroke it?

A: Yes, while I give myself over to him and enjoy his hands on my body. I'll open my legs, so he can caress my pussy, and I'll offer up my tits to him.

O40: Do you like to have your breasts played with?

A: I like to have all my sex parts played with.

O40: Do you give him oral?

A: I like to wait until he asks for it. "Suck my cock!" I just love those words!

O40: What if he doesn't ask for it.

A: Then, I'll ask him, "Do you want me to suck your cock?" That usually gets me a raspy "yeah" with a pleading look.

O40: Do you tell him what you want him to do to you?

A: Yes, "Fuck my hot pussy!"

O40: Do you want him to return the oral favor first?

A: I like getting oral, but there are times I would rather get right to the sex. I'm not going to push him away if he does go down on me, however. I'll just bring my legs up and let him lick away until I cream on his tongue.

O40: Do you have a favorite sex position?

A: I like to mix it up, but missionary is my favorite. I feel like a woman when I look up at the man and see his arms and chest over me, muscles bulging as he's fucking me. I like to have my legs up and opened wide.

O40: Do you enjoy anal sex or any kind of ass-play, like being licked or fingered back there.

A: Anal sex is okay after we've had marathon sex, oral and fucking, and my pussy is sore, but we still want more. I do like anal stimulation with a finger, not inside, outside, rubbing. As for licking my ass, if that's the man's thing, lick away and I'll have two fingers in my pussy at the same time.

O40: Have you ever experienced double-penetration, either with two men or with a man and a toy?

A: No, just fingers in my pussy and a dick in my ass.

O40: Were you turned on during your photo shoot for OVER 40?

A: I was turned on before, during and after my shoot. Now, I just hope my pictures will be a turn-on for the guys reading the magazine.

O40: I am sure they will. Thank you, Ally.

“I have been known to meet a man at the door wearing nothing but stripper heels.”

BY MAGGIE SPECTER

AGE:

OCCUPATION:

FROM:
Clayton, Missouri

OVER 40: I like your sexy photos. Do you enjoy being seen naked and showing off your pussy?

MACKENZIE: I do. It makes me feel dirty, desired and excited all at the same time.

O40: Do you want and enjoy sex more or less now than when in your twenties?

M: More! I was always a driven person sexually, but when I hit my forties, damn! Something went off inside of me that was uncontrollable.

O40: Are you getting all the sex you want?

M: Yes and then some. When I don't, I resort to self-help.

O40: What is your favorite sex toy?

M: A flexible pink dildo that I use while usually wearing mini PVC nipple suckers. Woo-hoo! I can go, or better said, I can cum for hours! I'm multi-orgasmic. I am able to experience between three to a dozen orgasms in one session. That's alone and with a partner. Most men love that about me, because it makes them feel good about themselves. Hearing a woman moaning in pleasure inspires a man to give you his best performance.

O40: What is your favorite way to cum?

M: With clitoral stimulation while receiving deep penetration.

O40: How do you dress for sex, if you do?

M: I don't usually, but I have been known to meet a man at the door wearing nothing but stripper heels, or a corset and high heel boots over fishnets.

O40: Do you need a lot of foreplay. What types of foreplay do you enjoy?

M: I like some foreplay, soft music, wine, candles, a little kissing, nibbling, whispering in each other's ear, and then tear each other's clothes off and go at it like bunnies. I'll just grab his cock and jam it in me.

O40: Do you have a favorite fuck position?

M: Doggy-style, hard, rough, and fast. I want to feel his balls slapping me.

O40: What turns you on more, being controlled or being in control during sex?

M: I like when the man takes control, at least to get things started. Once we're into the sex-play, it could go either way. Some men like it when a woman is confident and assertive, but when I take control, it's more to tease than to dominate.

O40: What do you mean? Give us an example.

M: I get him out of his shirt and graze my fingernails over his chest, and make like I am going to put my hand down inside his pants, but pull away. I do a little striptease, commanding his attention, and as he gazes at me lustily, I give him instructions, telling him exactly what I want him to do. "Take off your pants. Show me your cock. Get it hard for me."

O40: Does seeing him stroking his hard-on excite you?

M: Yes, a lot, but just seeing his hard cock excites me.

O40: Okay, he shows you his bits and then what do you tell him to do?

M: I beckon him closer and tell him to run his tongue down the length of my body. I tell him to lick my clit and put his tongue in my pussy.

O40: Do you go down on him?

M: Eventually, after I've had a few orgasms. Then, I give him head, but I don't let him cum. I just keep teasing him until he becomes frustrated and turns the tables on me and throws me down and just fucks me.

O40: Do you have any unfulfilled sexual fantasies that you would like to try?

M: I would love to be sandwiched between two strong, gorgeous, delicious, sexy men.

O40: Doing what?

M: Doing whatever comes to mind and feels good!

O40: Mackenzie, seeing you in the magazine is going to make our readers feel good. Thank you!

“My husband gasped loudly at the sight of my taking our friend’s erection into my mouth.”

BY BEA HARRIS

AGE:
40

OCCUPATION:
Model

FROM:
Gibraltar, France

OVER 40: How has sexuality changed for you since you turned forty?

ALEXIA ROY: I can express that in two words, more and better. For the past couple of years I’ve been giving my husband and a special friend of ours quite a workout, and I’ve had both at the same time. Of course, my husband and I have sex just by ourselves quite frequently as well. I enjoy using different positions, and having sex in different places around our house when our kids are away. They are both in college now, so we have plenty of time to satisfy ourselves — satisfy my over-the-top lust in particular.

O40: How did you come to include another man in your marriage?

AR: When my husband joked that I was wearing him out and that he’d like to see another man stand in for him, I got angry and said something about his palming me off. He told me it was a secret fantasy of his to watch me fuck someone else, that he had no intention of “palming me off,” as I’d put it. My own secret fantasy involved variety, and I found myself thinking about what other men would look like naked when I was masturbating. Jacques loved watching that, too, and when I calmed down and realized he was serious, he

said he would be even more turned on by watching a prick and not just my fingers go into me.

O40: Did that convince you he was serious?

AR: Not quite. The fantasy sometimes doesn’t match the reality, and he might realize that he really doesn’t want to see that. I decided to test the theory by telling him to go ahead, and we soon had a male guest, an old friend who was currently divorced and well between lovers. We invited him for dinner, and afterwards I played out the scenario I had in mind. Jacques settled back in his easy chair, facing the couch. Our friend Yves sat

next to me, and he put his arm around my shoulders. I turned to him and pressed my mouth against his, and we tongue kissed, as he caressed my breasts through the thin blouse I had on. I glanced at Jacques when we broke our kiss, and there was no mistaking how turned on he already was.

O40: So, that was the proof. Did you engage in long foreplay with Yves?

AR: I planned to, but seeing my husband's reaction and feeling Yves' body made me impatient to get down to the real thing. He opened my blouse, and I turned so he could take off my bra, and when he brushed his hot hands over my exposed nipples, I got so horny that I pulled away from him, stood up and demanded that we take the whole show to the bedroom. Jacques followed us upstairs and took a seat by the bed. I took off my skirt and lay back on the bed, and Yves got out of his clothes. When I saw his cock I seized it. My husband gasped loudly at the sight of my taking our friend's erection into my mouth. I sucked him to completion, and Yves got on the bed. I lay back again, and he pulled off my panties. Jacques leaned over and licked his lips, gazing at my exposed sex until Yves blocked his view with his head. As soon as he started to eat me out, I knew we'd picked the right man. He was expert at cunnilingus, and he soon had me writhing in orgasm. While I lay there in total satisfaction, Yves slipped on a rubber. I got on all fours, and Yves got behind me. My husband leaned in for a better look, and he moaned passionately, as he watched our friend slowly slip his prick into my pussy.

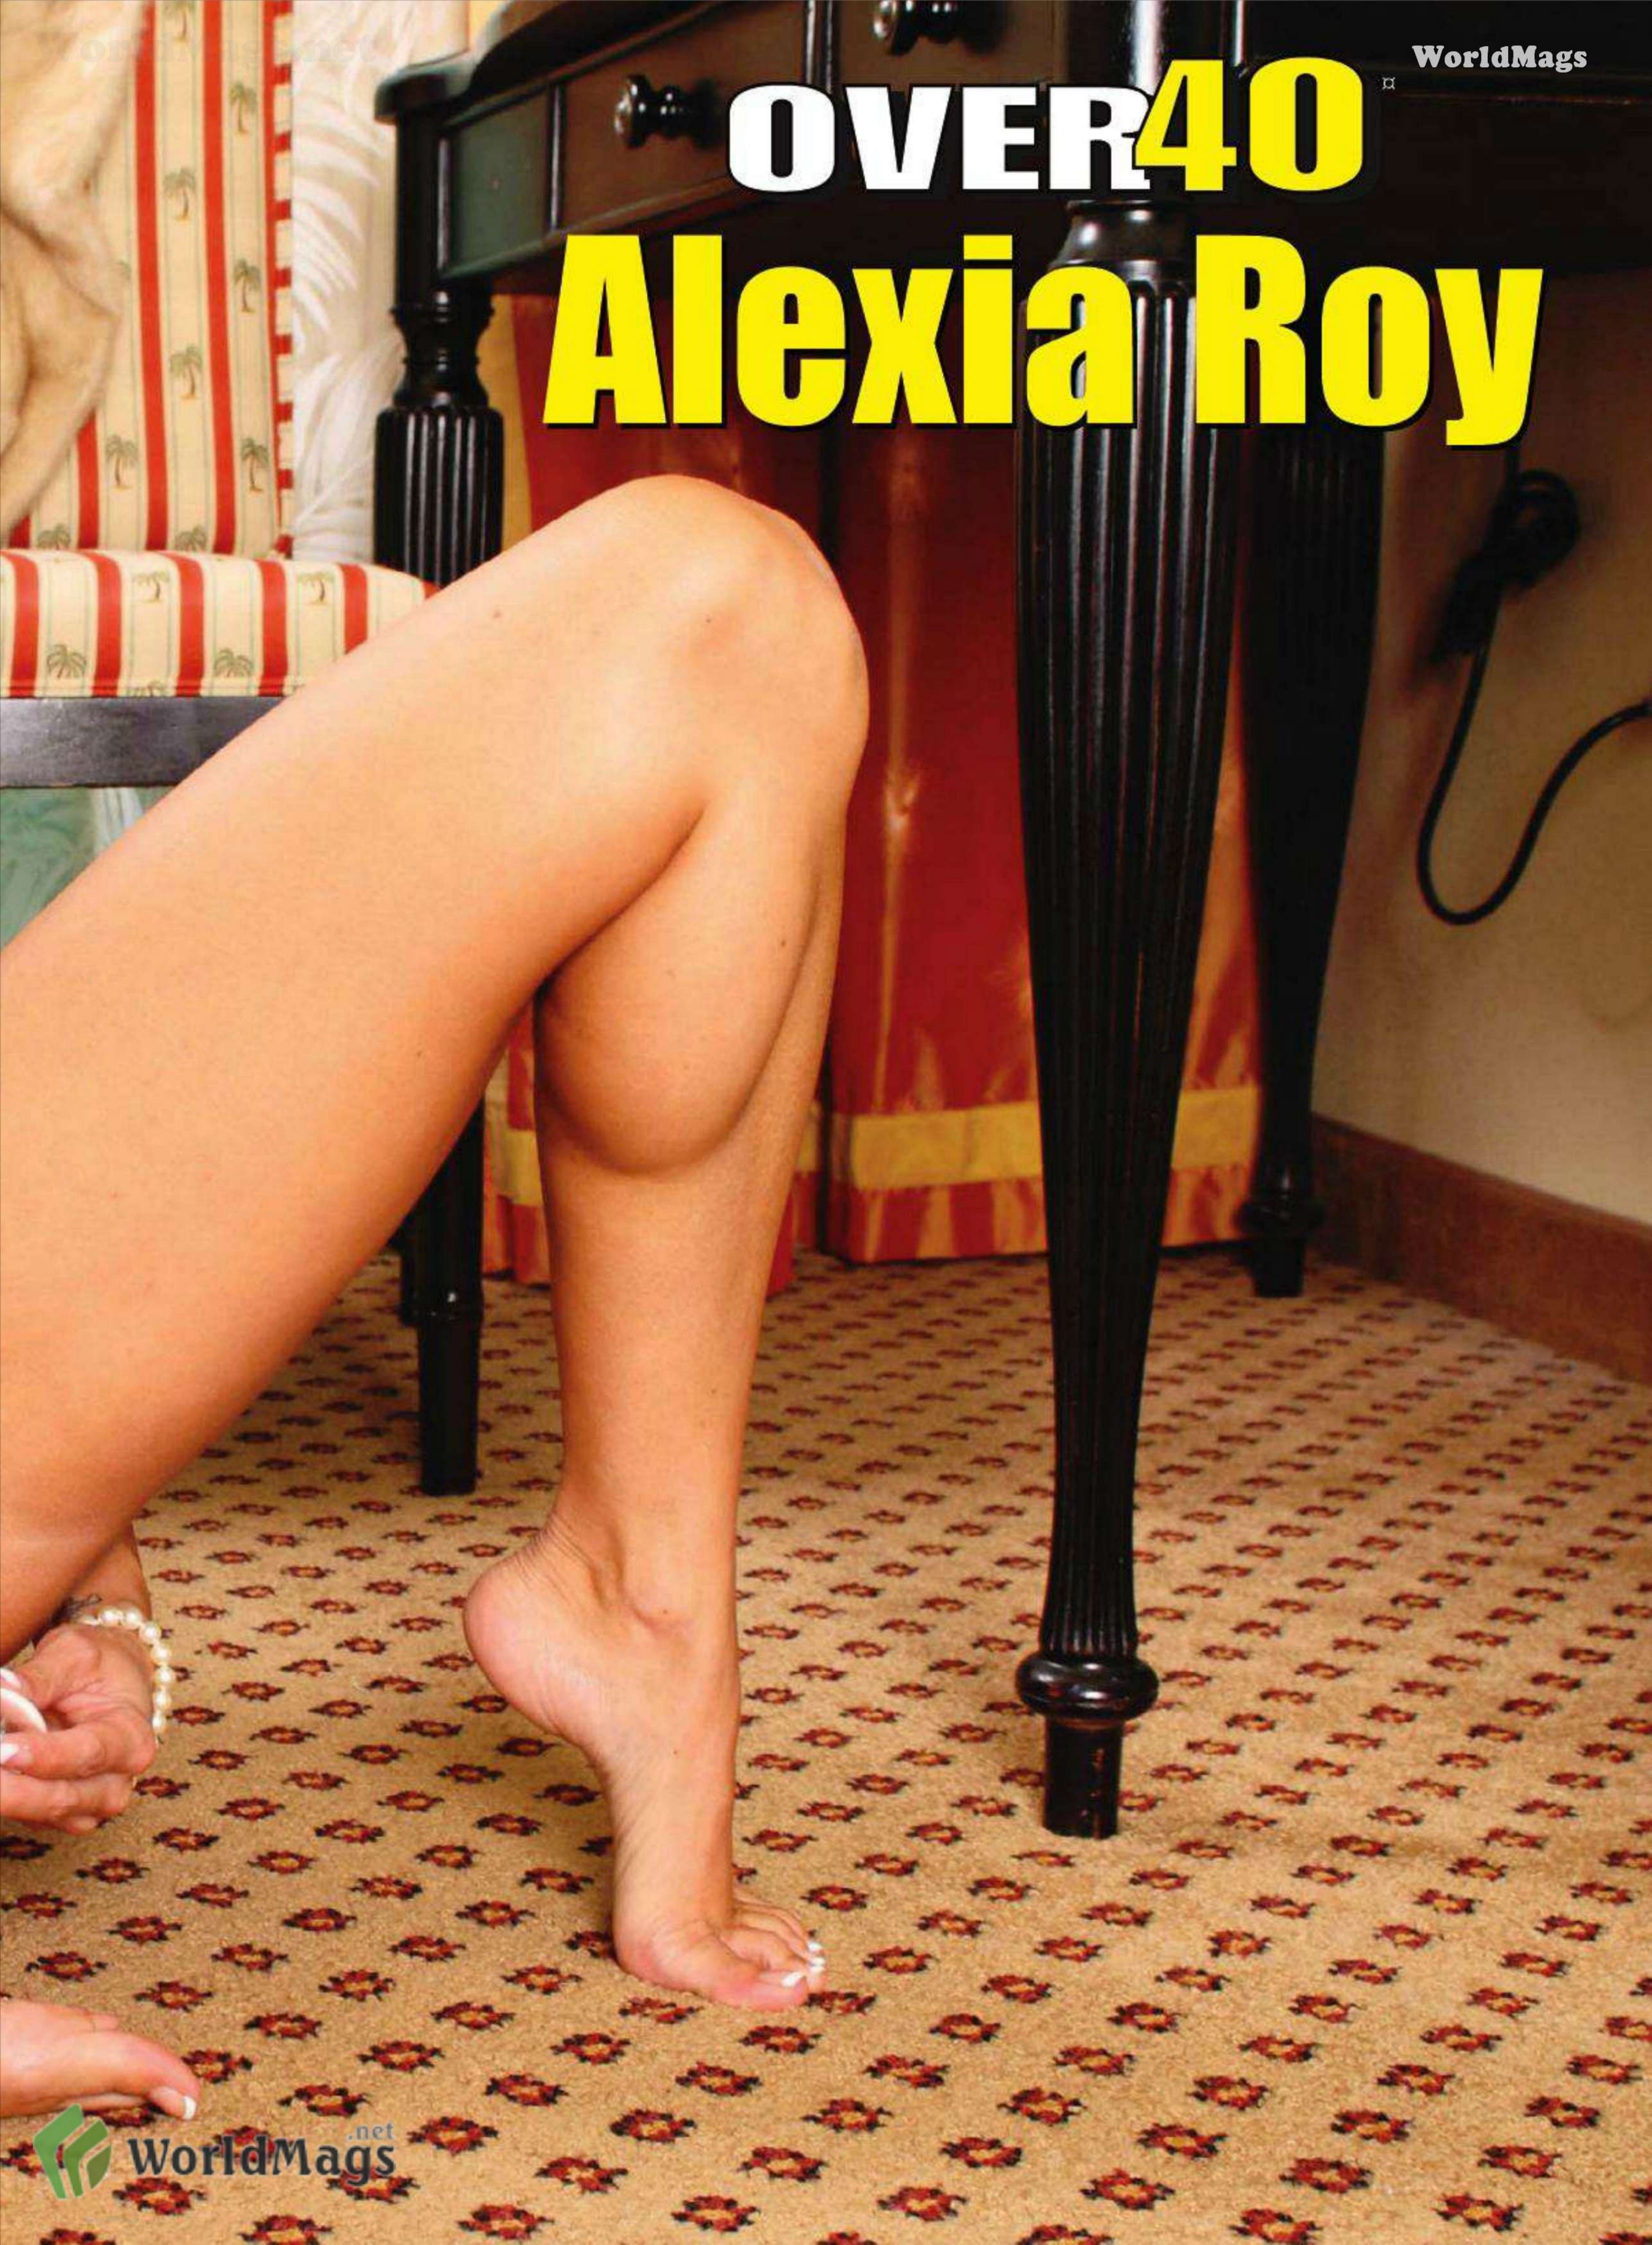

O40: Alexia, our readers will moan passionately when they see your layout. Thank you!

“I like giving oral on my knees, with him standing, ”

BY MAGGIE SPECTER

AGE:

OCCUPATION:
**Medical
Receptionist**

FROM:
**Taylorsville, North
Carolina**

OVER 40: Give me three words that describe your personality.

JANEL: Foxy, unpredictable and crazy.

O40: How's your sex life? Do you get it enough?

J: I get it and I get it often, but it's not nearly anywhere near enough. I could have it three times a day and it still wouldn't be enough.

O40: Do you have a significant other?

J: No, I have fuck buddies and booty calls.

O40: Do you masturbate a lot?

J: At least five times a day. I don't think it's too much. If I could have sex that many times a day, then I wouldn't do it at all. Wouldn't need to!

O40: Besides that you are a horny woman, describe yourself sexually.

J: Sometimes I want to be treated like a whore in bed, and sometimes I want to be treated like a goddess. Either way, I'm smokin' hot in bed.

O40: What are your biggest sexual turn-ons and turn-offs?

J: My turn-offs are poor hygiene, big egos, guys that talk degradingly about their ex-wives or girlfriends, and the worst, guys that ask you after sex, "Was it good? Did you cum?" My very biggest turn-on is when a man looks at me naked, devouring me with his eyes, as his cock gets harder and harder. I love deep, soft kisses with lots of tongue, nuzzling his neck and smelling his cologne as his hands roam over me, and when he lifts me up and lowers me onto his cock.

O40: Do you like being on top?

J: Yes, and I like when he slides his hands down my body, outlining my curves, as I ride him.

O40: What do you want to hear a man say to you during sex? Do you like dirty talk?

J: I'm not very good at dirty talk. I'm a moaner and a hair puller,

and a screamer. The best things a man can say to me are, "That was great. Let's do it again," and "Get on your knees."

O40: Do you enjoy giving oral to a man?

J: I have a passion for giving oral to a man. Sometimes, I like giving oral on my knees, with him standing, holding my face and thrusting. I also like him on his back and me controlling the thrusts while on my knees.

O40: Where do you want him to cum?

J: For some men, in my mouth and

for others, I like them to cum on my breasts.

O40: Have you ever had sex with more than one person at the same time?

J: Yes, I have many times. I love a hot threesome. I have been with two men, two women, and with a man and a woman.

O40: What is your favorite thing to do in a threesome?

J: With two men, I like one man behind me, fucking me, while I give oral to the other man in front of me. With a man and a woman, again, I like the guy fucking me from behind and the woman spread-eagle in front of me, and my tongue in her pussy. With two women, I enjoy giving and receiving oral, and doing one another with a dildo or a vibrator.

O40: Do you have any unfulfilled sexual fantasies that you would like to try?

J: I would like to be tied and blindfolded. I've tried that, with an old boyfriend way back when, and I think about a lot and would like to do it again. I have never had sex in public anywhere and I think that would be really hot and I would love to try it.

O40: It would be "crazy," just like you. Thank you for chatting with us.

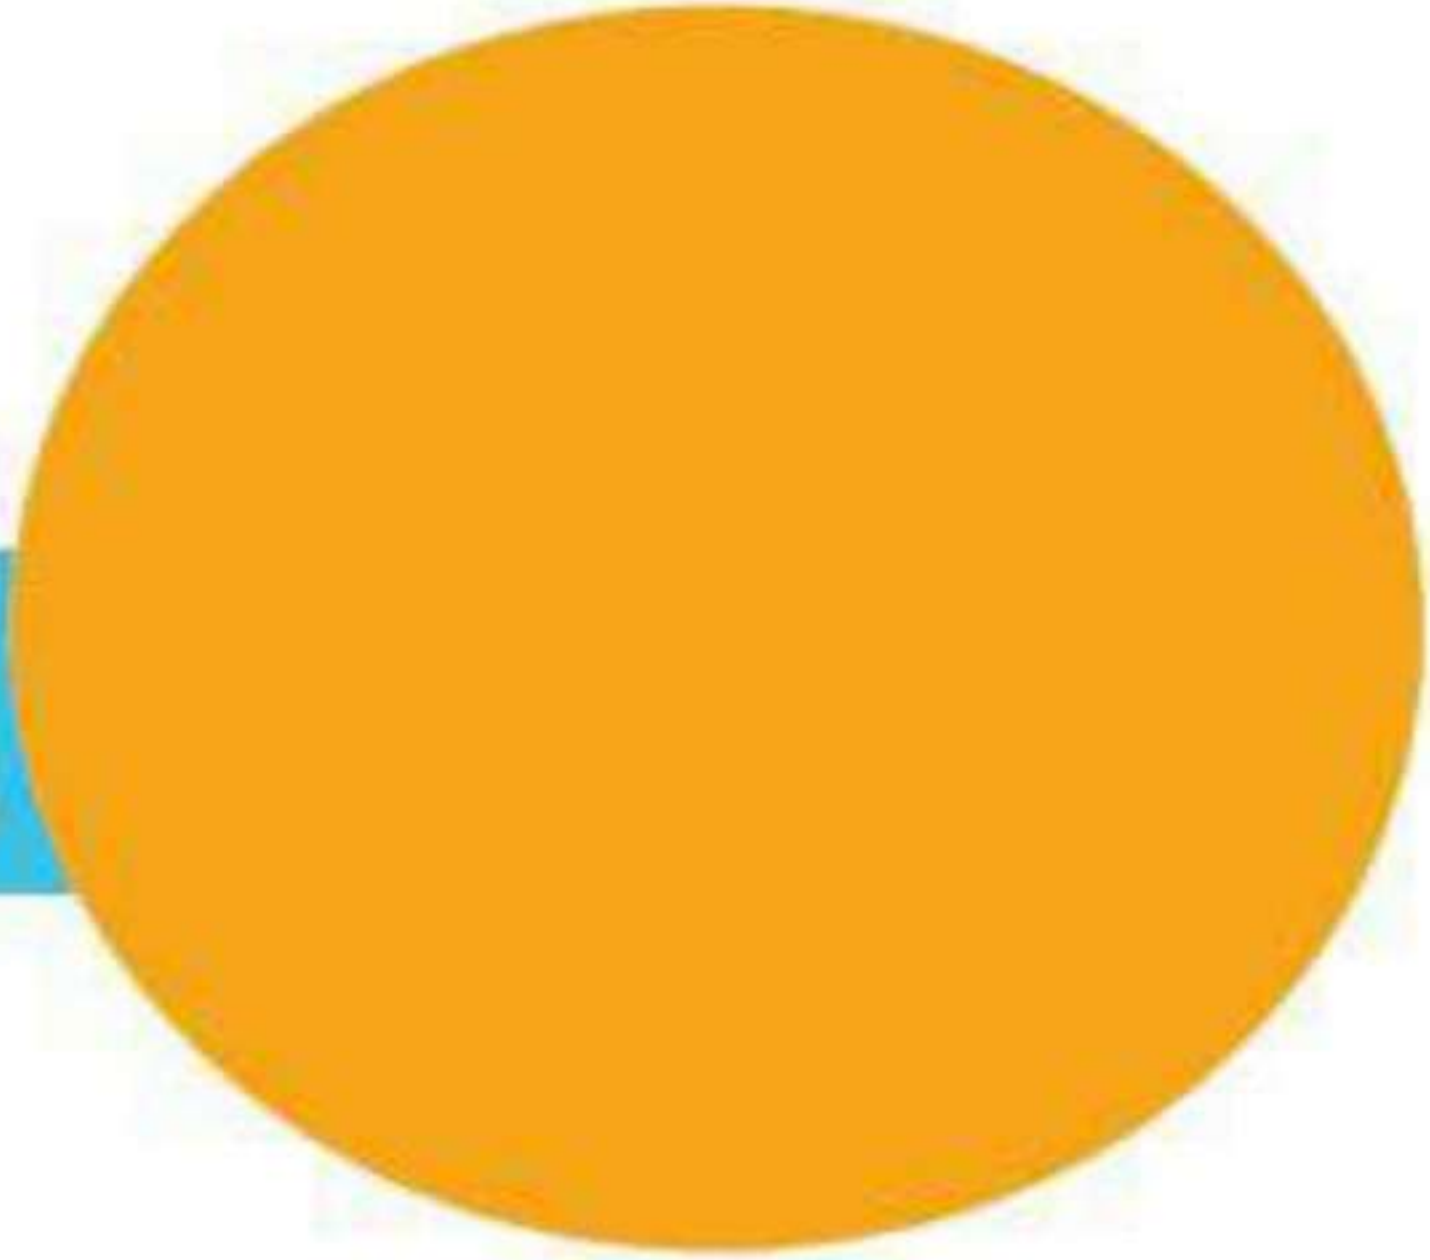

ANY WAY YOU WANT ME!

Paula, forty-four, learns that a real prick is the way to REAL satisfaction!

By Paula Heath

The salesclerk didn't smirk at me. He acted just like I was a customer in any store and not a "sexual aids" store, and he smiled only enough as his job required. I wasn't in just any store, though. The first time I saw the sign and the window display, I kept walking to the end of the block. Taking a deep breath, I turned back and walked quickly to the store, glancing behind me to see if anyone was watching me enter. To my surprise, several other women were there, and at least two appeared to be about my age, forty-four. I knew what I wanted, having seen it in a catalog, and to my relief, I didn't have to tell the clerk the particular dildo I had in mind.

All I had to do was point to it in the display case next to the cash register, and no one else in the store, the women and the two or three younger men, paid attention to me. The clerk put the plastic wrapped implement in a paper bag, and that bag inside a plastic bag, and I left the store. Back at my apartment, I put the package on my bed and stepped over to my desk and tried to think of why I needed it, as I did the few items of work I'd brought home with me.

I'm highly regarded by my superiors and the other lawyers in the firm, and I'm not the only divorcée. What I believed was a lifetime commitment ended abruptly, and the divorce had taken its toll on me. I did well with the settlement, and I am otherwise comfortably well off. For nearly eight months after the decree was finalized, I buried myself in work and didn't realize that something BIG was missing in my life.

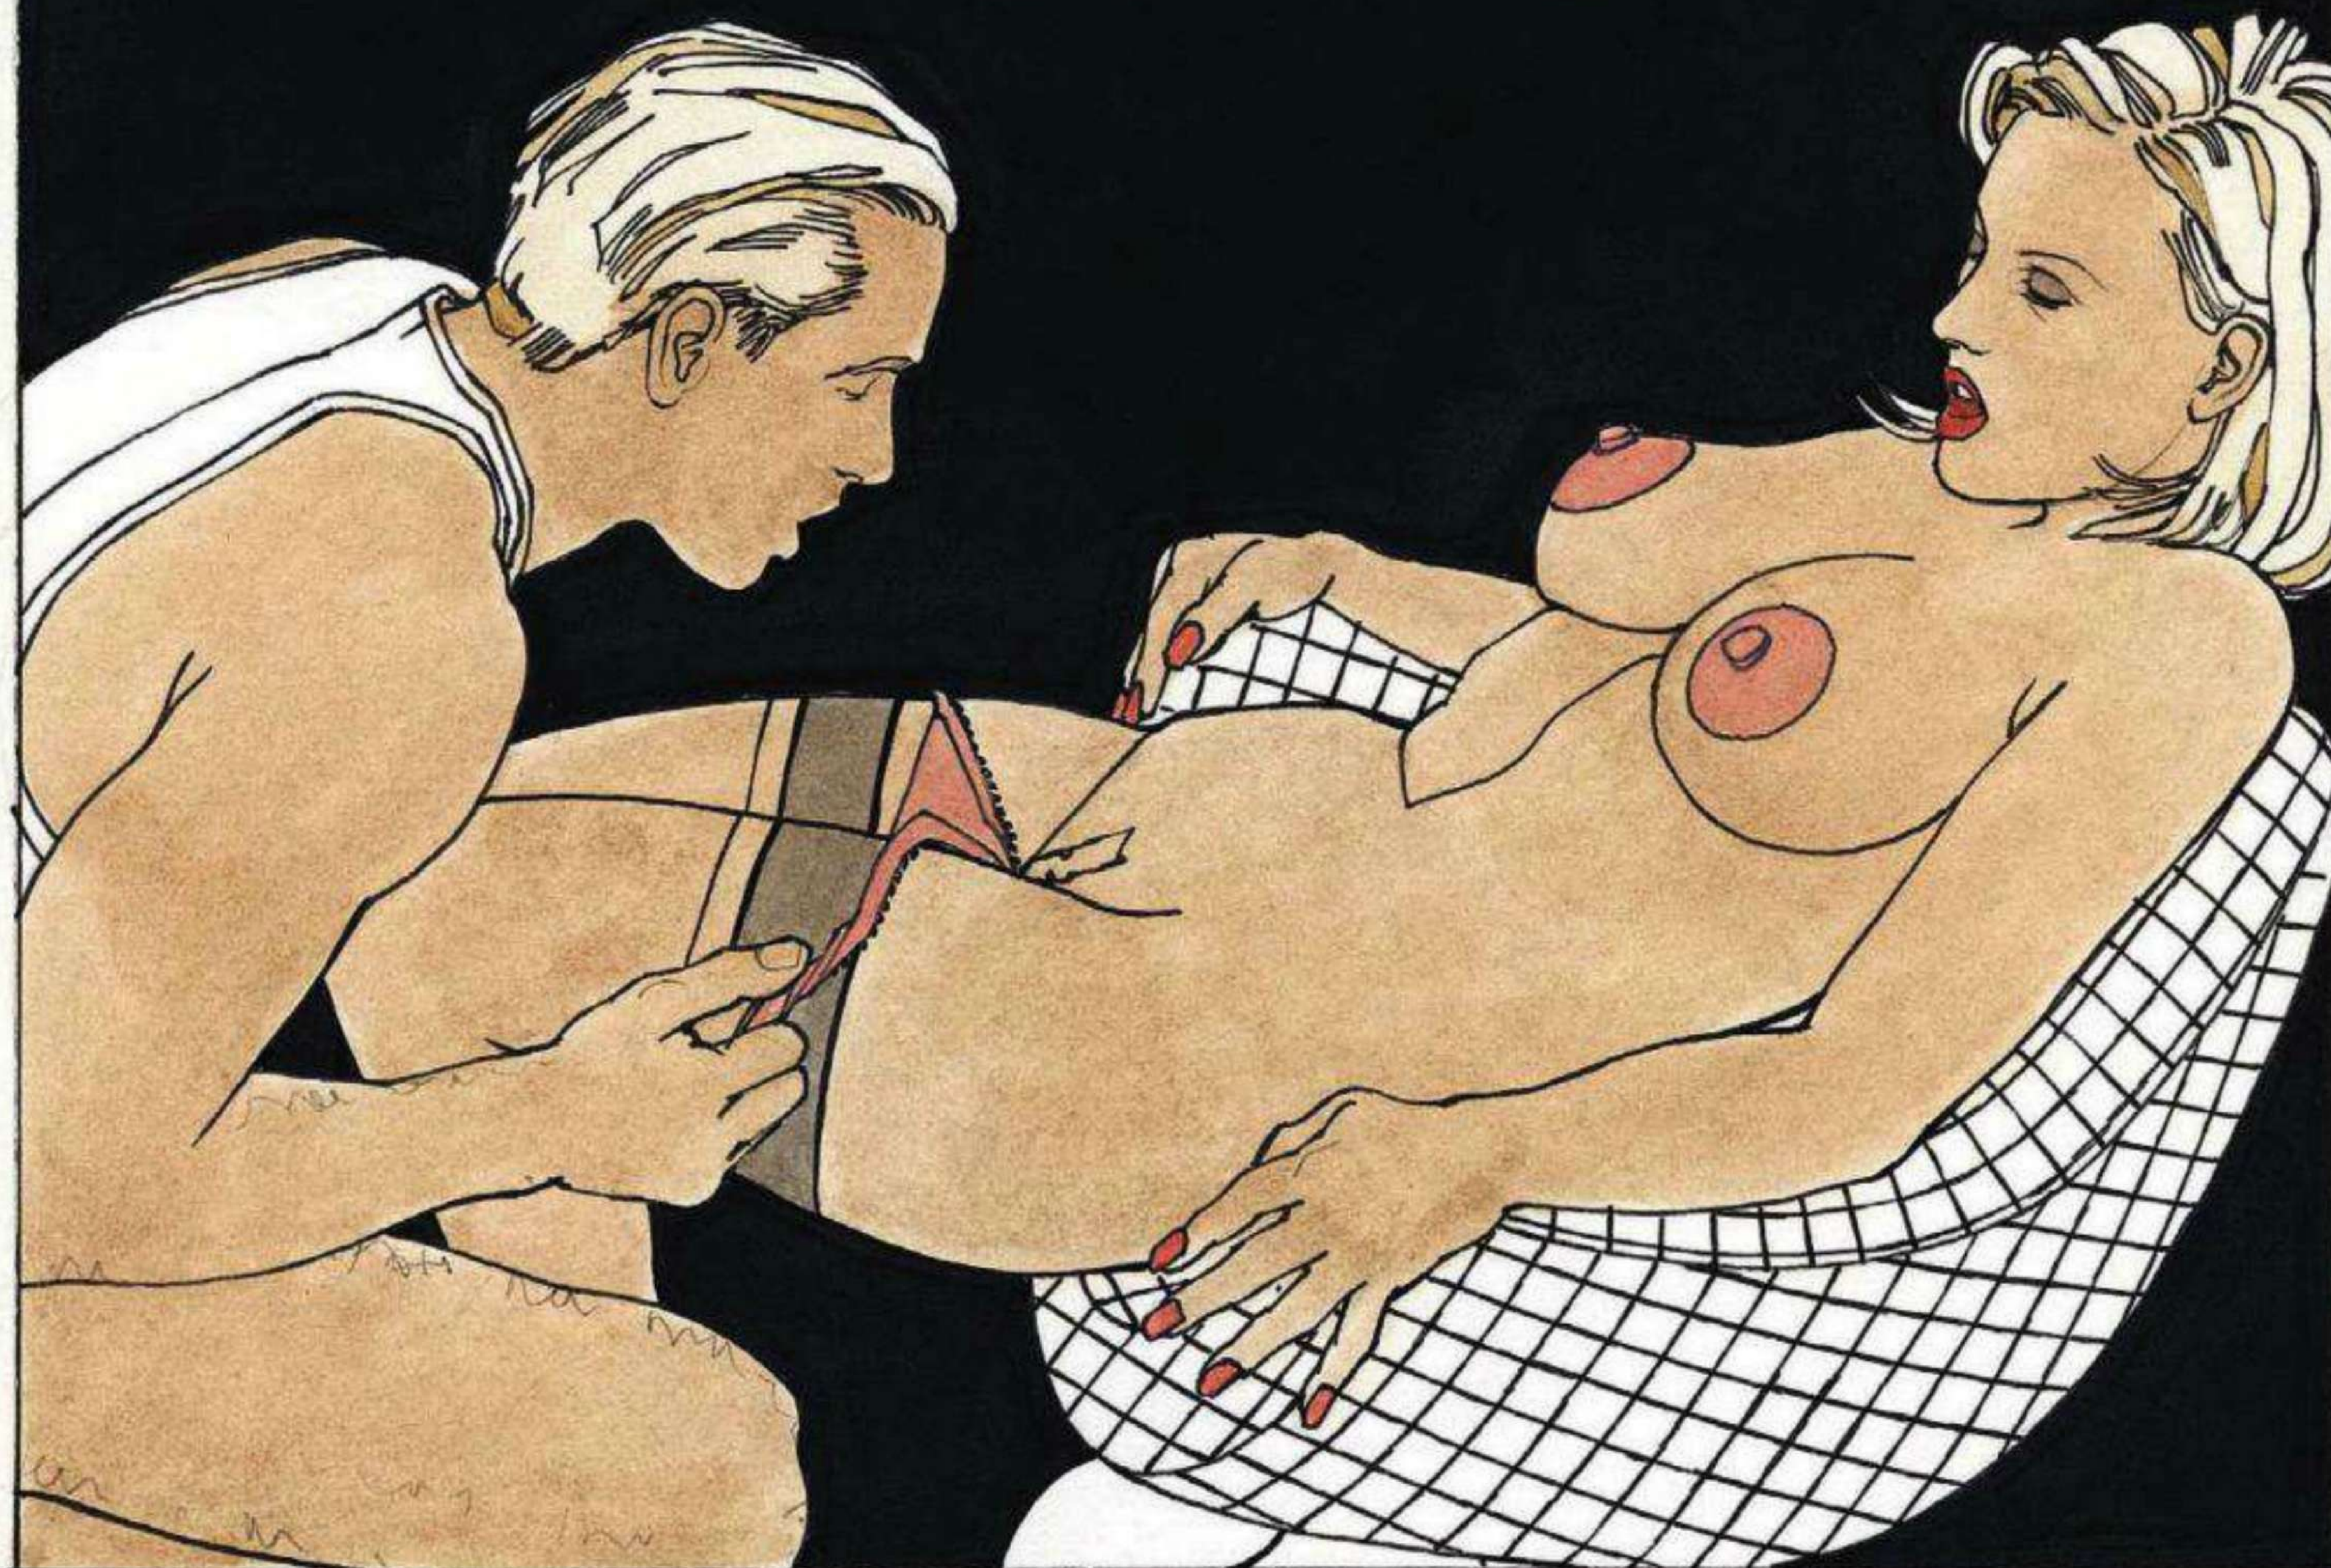

About a month before I made the sex toy purchase, I woke up and found myself wet between my upper thighs. My first thought was that I peed, but the scent

told me otherwise, and I remembered a vivid and very explicit erotic dream. My fingers were also wet, and as I became fully awake, I realized that I had been masturbating in my sleep. I got into the shower, and as the water hit me between the legs, an incredible rush of raw arousal made me shudder and nearly fall in the tub.

I was ragingly horny! Sex with my husband had declined in quality and quantity, and we screwed only occasionally during the last two years of the marriage. Our eighteen-year-old son was in college in another country, and we communicated through e-mail. He was more antagonistic to my ex than I was and wouldn't contact him, and that was fine with me. I no longer cared if his trophy wife got tired of him, as I imagined until my anger cooled off, and my son's attitude helped me through the crisis.

Images of naked men, college boyfriends, flitted through my mind, as I stepped out of the tub and dried off. I had an early meeting, so I put aside the temptation to lie back down and masturbate. I left the apartment still horny, and I managed somehow to keep my attention focused on the legal briefs on my desk. Several of the male lawyers approximately my age were quite attractive, but our firm had probably the strictest rules against sexual harassment, voluntary or not, than any. Also, we handled harassment cases, the strength behind those rules.

So, no sex talk, no flirtation, and to the younger men, I was the stern superior. Going to court after the meeting helped me avoid my horniness, but it came back full force as soon as I got home again. In no way could I concentrate on what I brought home, so I stripped naked, stretched out on my bed and masturbated to

three orgasms before I finally relaxed enough to watch TV.

The rest of the month went like that. I woke up horny and struggled to concentrate, and soon my fingers alone didn't seem to be quite enough. I needed something harder in me, and after agonizing over it, I decided to head to the marital-aids store I'd noticed when I was downtown for business lunches.

Now, I was going to use the device. I turned on the TV and found myself watching something very explicit on cable, and my panties were damp in the crotch when I turned off the set and went to my bedroom. I pulled the device out of the bags and broke off the plastic wrapping. I felt an additional twinge of lust, as I held it and ran my fingers along the black hard rubber surface. Much more so than in the store window, it really looked like an erect penis in my hands, the same shaped head and the veins sticking up. I went to the bathroom and carefully washed it off.

Now, what would it feel like? I slipped it into my mouth and rolled my tongue around it, and I recalled the fellatio I'd had back in college. My ex had complimented me on my technique, and although I hadn't intended to, I found myself sucking it as if I expected it to cum.

Well, that felt real enough! I stripped naked and paused to gaze at myself in my full-length mirror. Vigorous workouts proved their worth. This is not the body of a forty-four-year-old woman, I reflected. I ran my hands over my lean, curving breasts, brushing my palms over my nipples, and I clenched my bare thighs together at the shock of lust that produced in me. Imagining that they weren't my hands but a man's stronger, meatier, rougher ones, I held my breasts and let arousal ripple through me.

Slowly, I slid my hands down my body to my sex, and I stroked my labia a few times and then picked up the sex toy and pressed the faux cock's head against my slit. I held it there for a long moment, suddenly concerned about pushing it in, and my hand jerked. The fake cock head popped in, and I cried out from a powerful and unexpected rush of raw sexual pleasure. I pushed in slowly, clenching the sex toy with my pussy muscles, noticing as my pleasure mounted how real it felt. Gripping the free end of the dildo tightly, I began to stroke the way a man would, fucking myself and feeling the first stirring of climax. The orgasm burst suddenly, again causing me to cry out, and I stroked faster as my arousal flowed over the sex toy.

It worked. Letting out a sigh of relief, I drew the dildo out of myself and lay flat, feeling more satisfied than I had made myself with just my fingers. I got up,

rinsed off the dildo and wiped down my thighs with a washcloth. Feeling that cloth brush against my sex made me feel horny again. Lying back down, I slipped the dildo in again, this time without hesitating. After another powerful orgasm, I drifted off to sleep, and I felt less horny all the next day.

For about a month or so, the sex toy served my needs adequately enough. But, as I got used to it, the uncomfortable feeling that somehow it just wasn't enough came over me. I found myself using it more and more, and I struggled with myself before I finally acknowledged my need for the real thing. Authentic as the sex toy was, it couldn't provide warmth, affection, and the feel of a man's hot hands on my body. I wasn't in any hurry to get married or involved in a steady relationship, and although I didn't like the idea of having one-night or even one-hour stands, I knew I had no choice.

So, I bought myself a "fuck-me" outfit and headed to a bar I knew. After an hour of nursing a weak drink, no one approached me. I left and went to another, and a

greasy-looking man with a bulging potbelly sat at the stool next to mine and leered openly. He told me he had a room in the hotel across the street and said we could have more fun by drinking there.

I ignored him completely, and an angry look crossed his face. The bartender stepped up just then and leaned both hands on the bar.

"You have a short memory, Carl. You forgot you were told to stay the fuck out of here, right?"

Carl shuddered and slid off the stool, walking slightly unsteadily. He didn't turn to look back at me as he left, and I breathed a silent sigh of relief. The bartender apologized and said my drink was on the house, and I reluctantly accepted, although I was about to leave and go back to my apartment and my sex toy.

Less than ten minutes later, a tall, square-jawed and incredibly attractive man walked in. He looked around, glanced at the other two women at the bar and paused as he gazed at me. I quickly turned back to my drink, doing my best to appear indifferent, but I'm sure he saw right through that.

"May I hazard a guess?" he asked.

I felt my pussy throb, and I felt like telling him he could "hazard" a lot more than that. Instead, I shrugged. "Okay. Go ahead."

"You're a litigator, and a very sharp one."

Surprised, I turned to him and smiled, but not too brightly to conceal the fact that I was getting hornier and hornier by the second. "You're right. How did you know?"

“He ran his sheathed dick over my slit several times, and when he pushed in, I pushed back and threw my arms over his back, pressing that studly chest against me.”

"The way you handle yourself... the way you seem to be checking every detail. I admit I wasn't completely sure, but I was sure you are in the legal profession in some capacity."

I mentioned my firm, and he raised his eyebrows in a look of genuine respect. "Then you are good. I hear they eat their own."

"Well, it's not my place to disparage my employers," I chuckled.

"And if it was your place?"

"Hmm. Let's just say I wouldn't disagree."

We both laughed at that, and he suggested our taking a table. The conversation turned to his divorce, and I felt very comfortable about discussing mine. He winced when I used the words "trophy wife."

"That had to hurt, Paula. And you know those never last."

"If it was my place to say it, I'd say I hope so... no, I'm sure of it, Mark. But it's not my place, so I wouldn't say it."

"With me, it was incompatibility... according to her."

We talked for a while longer. Mark is also a lawyer, and we discussed cases. I felt like we were getting to be just friends, so I interrupted him. "Can I assume you've been by yourself, so to speak, for a while now?"

"That's quite a reasonably assumption, Paula. Of course, you have...."

"No one, Mark."

Ten minutes later, we were walking the three blocks to his apartment. Mine was in the same neighborhood, slightly closer, and one look at the building told me that he was doing as well as I am. In the most polite and gentlemanly manner of any man I'd known, my ex included, he offered me a drink.

"I'd love one, Mark, but I hope you won't think me too forward if I suggest we cut to the chase." I was sitting on his couch, and I stood up and turned my back to him. "Unzip me, please."

"Let's continue this, uh, discussion in my bedroom, Paula."

He pulled down the zipper in back of my dress, and I took it off as I followed him in. Now down to bra and panties, I sat at the edge of the king-size bed and watched him strip to his shorts, and I unhooked my bra and let it drop to my lap.

His voice tone dropped an octave. "Smaller breasts are considered quite erotic, Paula."

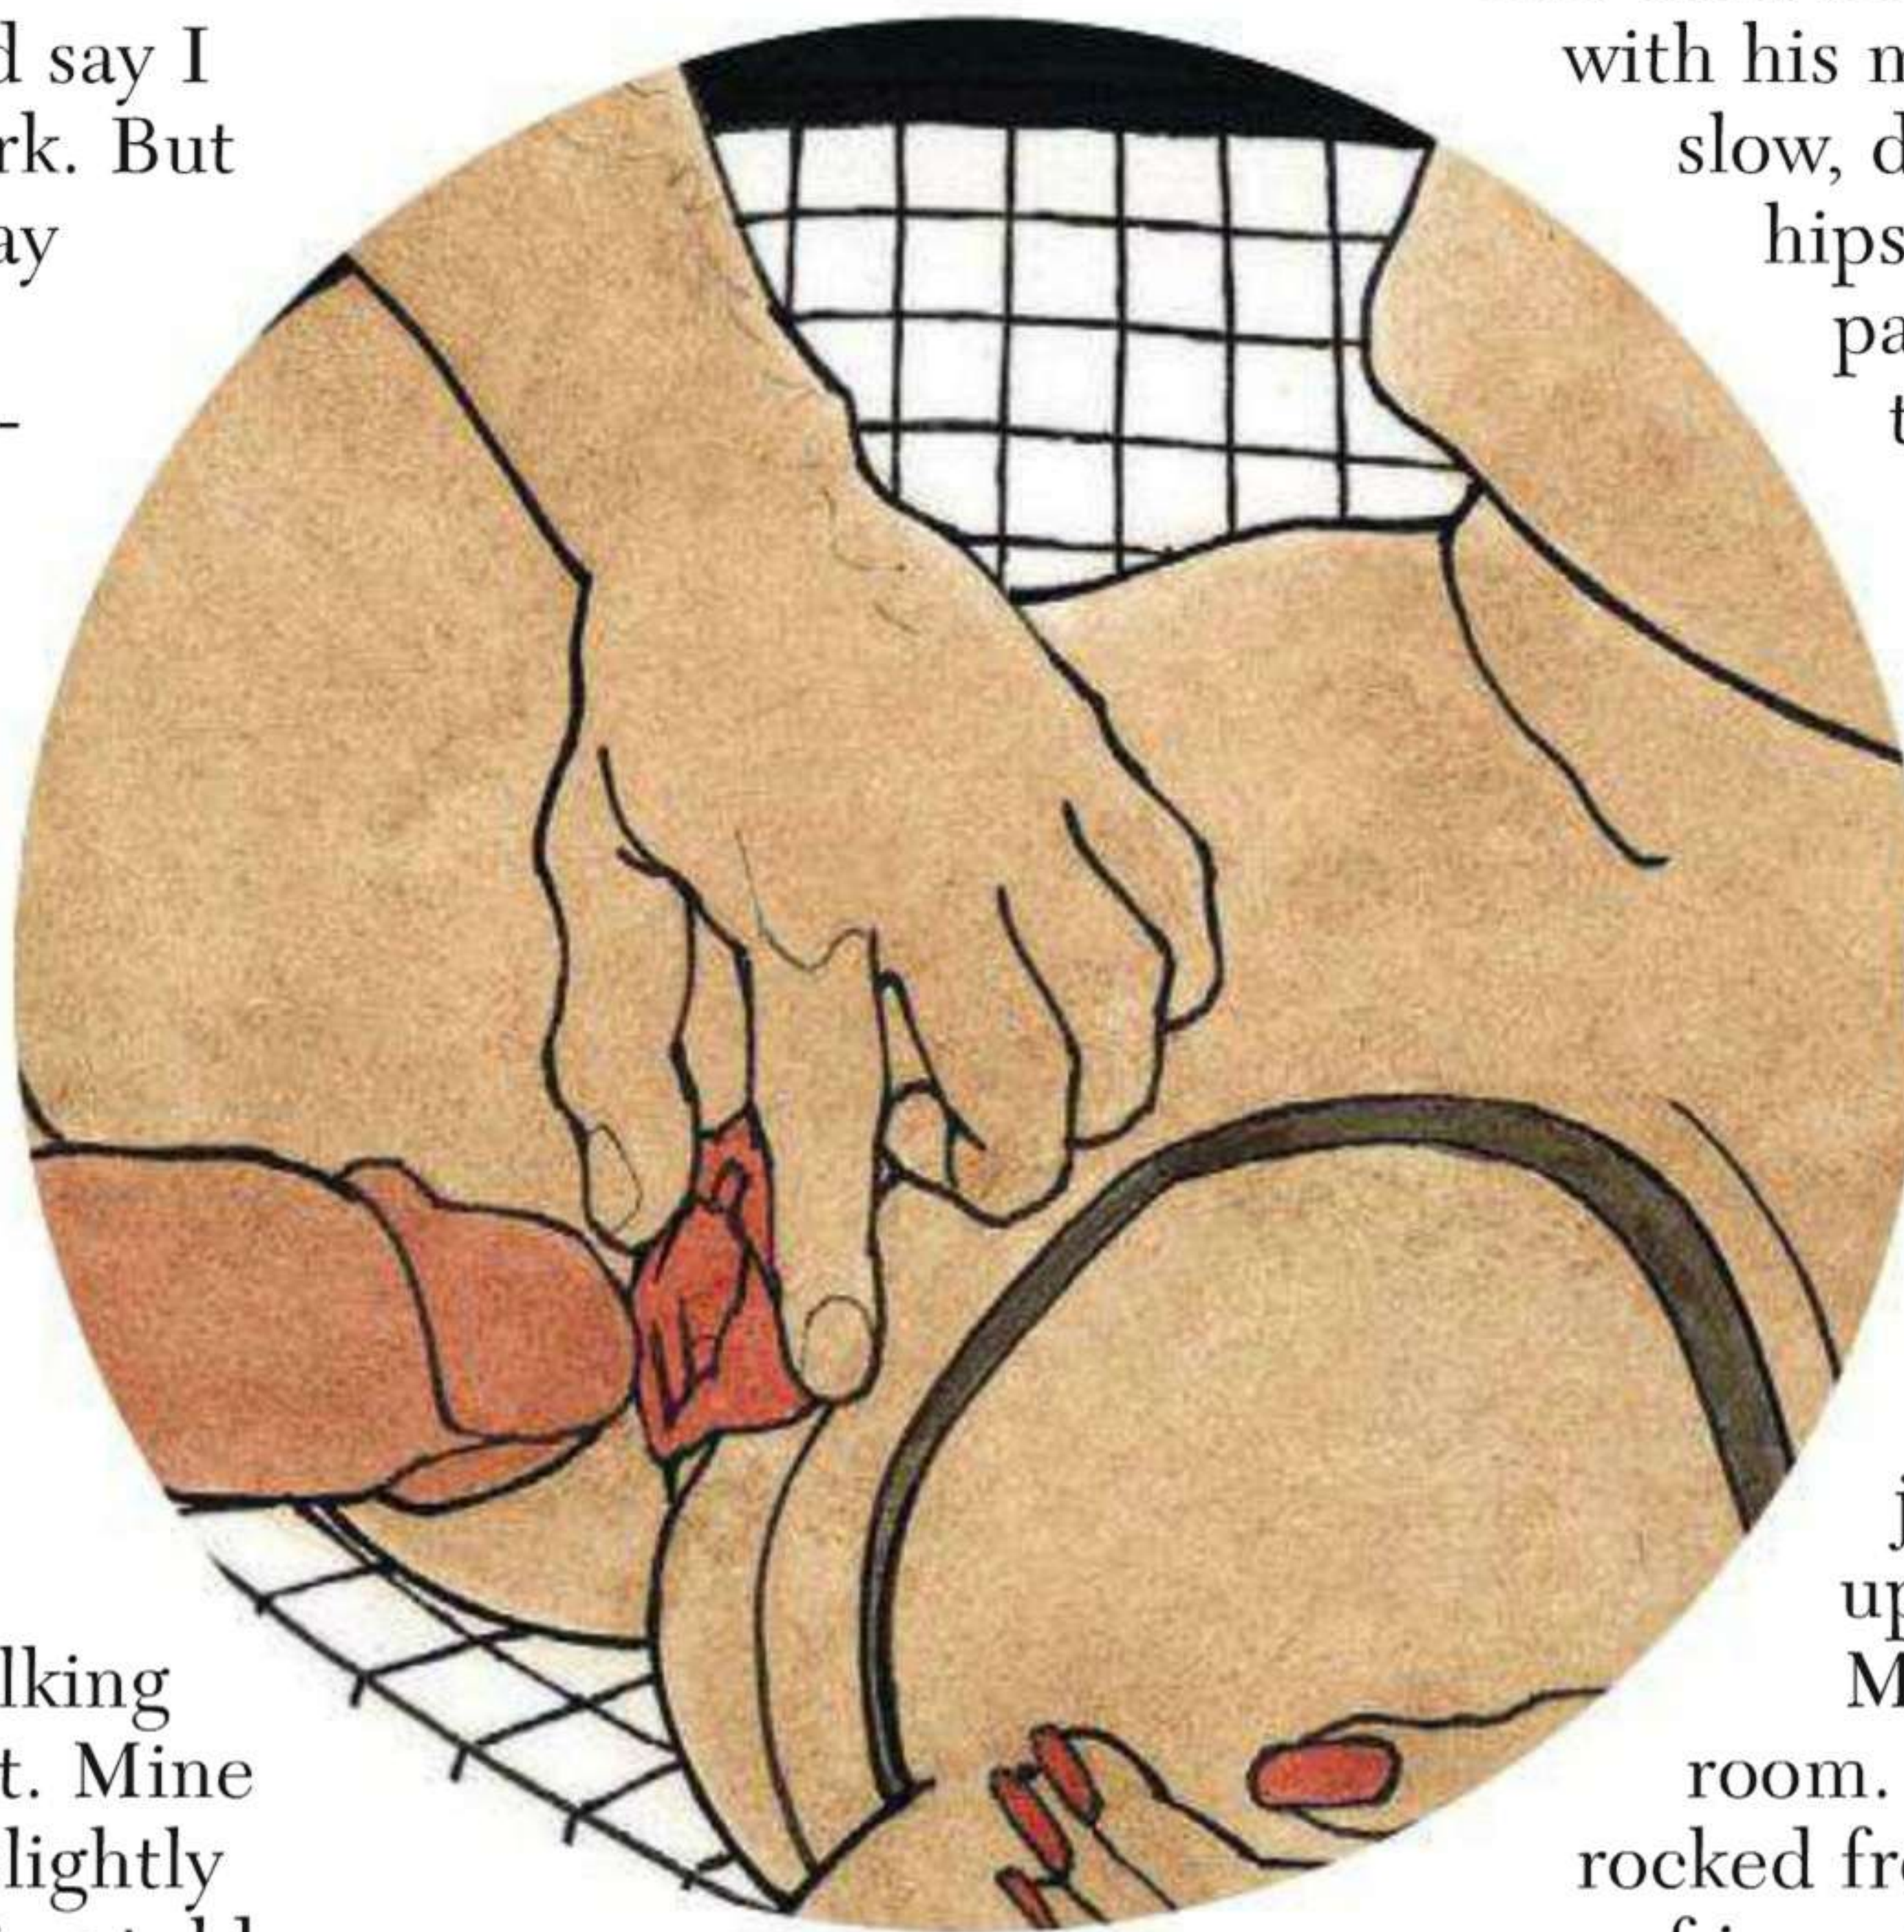

"So is a well-exercised chest," I purred. "Now, if you want to see the rest, help yourself." I tugged at the waistband of my panties and ran the tip of my tongue

across my lips. He climbed up on the bed and threw his arms around me, and our mouths met, as he slipped a hand under my panties and laid his hot palm on my pussy mound. We lay back, and as I sucked on his tongue, I felt something hard press against thigh.

For a long, delicious while we kissed and fondled, and when we finally separated, my panties were down around my ankles and his shorts had disappeared.

"Just lay back, Paula," he rasped, a world of passion in the sound of his voice.

Sensing what he intended, I spread my thighs as widely as I could and raised my knees. Mark stretched out prone between my legs and took hold of my hips, pulling himself toward my wide-open pussy. He kissed my slit lightly and then pressed down, nudging his tongue between my labia.

The man knows how to pleasure a woman with his mouth! He licked deeply in slow, deliberate circles, gripping my hips tightly. I felt the heat of his palms, and the beginnings of a truly massive orgasm.

Withdrawing his tongue, he pressed the tip against my lower lips and licked expertly, showing far more skill than my ex ever had. My labia engorged, and my arousal started to fill his mouth. Mark slipped in a finger and closed his lips over the top of my slit, dabbing at my clitoris with just the very tip of his rolled-up tongue.

My cry of ecstasy filled the room. Grabbing the sheets, I rocked from side to side as wave after wave of incredibly intense erotic pleasure crashed over me.

And that was only the beginning. Mark got off the bed, fetched a condom from his dresser and climbed back. I watched him roll it over his stiff member, and he asked me what my favorite position is.

Tapping his prick, I said, "With this python inside me, any way you want me."

I lay back and he climbed over me, holding his cock with one hand and laying his other over a breast. He ran his sheathed dick over my slit several times, and when he pushed in, I pushed back and threw my arms over his back, pressing that studly chest against me.

We fucked again that night, and I had never been so completely satisfied. Mark asked if we could get together again, and I decided that maybe an affair wouldn't be such a bad idea after all.

OVER 40: Describe yourself sexually.

SHAY: I am a happily married bisexual woman. I love my husband and our sex life is great. He knew that I was bisexual before he married me and loves to see me flirt with other women. Needless to say, I love having threesomes with my husband and a girlfriend, mine or his.

O40: Your husband sees other women?

S: Not without me. I just don't think it's fair that I pick all the

women we sleep with, so sometimes he does the choosing. We have friends and family that think we're nuts, but our unconventional lifestyle works very well for us.

O40: Do you ever have threesomes with another man?

S: We had one, sort of. I had this young guy crushing on me and my husband found it amusing and suggested I should “do him” and blow the guy's mind. I told him that if I did, that wouldn't be the only part of him I would be blowing. Now, we were both turned on to the idea and I went for it. It took all of about 30 seconds to seduce the cutie pie and only slightly longer to convince him that he

would be safe from my husband, who would be watching from another room.

O40: So, your hubby didn't participate in the sex?

S: Not unless you count stroking his dick while peeping on me, and the fantastic sex he and I had afterwards.

O40: What did your husband see that got him so excited?

S: He saw me undressing the 20-year-old, slowly undoing the buttons of his shirt and kissing my way down his smooth, hairless chest. Then, I opened his pants and fished his dick out of his briefs. It lengthened and hardened in my hand.

O40: What were you feeling at that moment?

S: I felt incredibly sexy and I was so turned on that I was shaking. The young man was nervous and kept taking glances towards the bedroom, where my husband was peeking on us from. That is, until I put my mouth around his hard dick and started sucking him. I don't think the young man gave my husband another thought after that. He stared at me wide-eyed and panting, and then mumbled "holy fuck" and shot his cum.

O40: Did you swallow it?

S: No, I pulled my mouth off his dick and took his cum on my face. My husband told me later that he almost jizzed when he saw that.

O40: What happened next?

S: I fucked the guy. I was wearing a loose-fitting dress with nothing underneath and when I took it off, he got hard again. I let him feel me up and suck my tits. His hands were hot and thrilled me everywhere they went on my body. He became more emboldened and he picked me up, and I wrapped my legs around him as his dick went into my pussy. I leaned all the way back as he fucked me. After a few moments, he went to his knees, his dick still in me, and he lowered me to the floor and continued fucking me until we both came. He was smart enough to withdraw and shoot his cum on my body.

O40: Is this something you might want to do again?

S: Oh, for sure! My husband fucked me for hours afterwards and the next night, I bought home two sexy women for him to enjoy while I watched.

O40: Shay, you are one hot wife and woman. It's been a pleasure. Thank you!
